

INDONESIA DISASTER RISK FINANCE POOLING FUND PROJECT (INDORISK PROJECT)-P1732249

Global Risk Financing Facility (GRiF) Trust Fund
No. TF0B4675

REQUEST FOR EXPRESSIONS OF INTEREST (REOI)

ASSIGNMENT TITLE:

ENVIRONMENTAL AND SOCIAL CONSULTING SERVICES FOR ENVIRONMENTAL AND SOCIAL MANAGEMENT SYSTEM (ESMS) DEVELOPMENT AND ENVIRONMENTAL AND SOCIAL MANAGEMENT

The IndoRISK Project, supported by the World Bank through the Global Risk Financing Facility Trust Fund, aims to enhance the financial and fiscal resilience of the Government of Indonesia to natural disasters and health-related shocks. This will be achieved by assisting the GoI to improve its capacity for effective implementation of the National Disaster Risk Financing and Insurance (DRFI) Strategy and supporting the establishment of a Disaster Pooling Fund (Pooling Fund *Bencana*, PFB). The establishment of PFB is expected to help improve disaster financing by (i) enabling the Government to accrue unspent budget allocations for disaster response for future years and build reserves; (ii) improving efficiency in the use of funds from the state budget for all phases of disaster expenditures through improved upfront planning and budgeting; (iii) leveraging additional financial instruments by linking them directly to the PFB with clear and pre-agreed operating procedures; (iv) connecting the PFB to clear pre-arranged disbursement channels and rules, thereby increasing speed and transparency of post-disaster spending and providing predictability to implementing agencies on the availability of funds; and (v) increasing the ability to link risk financing to incentives and activities for all phases of disaster risk management, including preparedness and prevention. In 2022, the GoI enacted Presidential Regulation No. 75/2021 as a regulation framework of PFB.

Under the Minister of Finance Decree No. 407/2022, the Government of Indonesia assigned the Indonesian Environment Fund (*Badan Pengelola Dana Lingkungan Hidup*, BPD LH) to manage the PFB implementation, including raising and investing the pooled disaster funds. As a public service agency (*Badan Layanan Umum* or BLU), BPD LH has some flexibility in financial and non-financial management, such as i) accumulating budget surpluses across multiple fiscal years; ii) designing and implementing its governance structure to ensure the fund is managed appropriately and according to international standards; iii) recruiting staff and consultants with the required expertise to meet the varying and complex needs of the PFB; and iv) procuring goods and services appropriate to its needs, including the purchase of insurance/reinsurance protection for the fund as part of a broader risk financing strategy as well as receive pay-out directly from the insurance companies.

In order to establish sustainable environmental management and increase social benefits, all pre- and post-disaster activities supported by the PFB shall comply with the prevailing national environmental and social requirements and the World Bank Environmental and Social Standards (ESS) during the project cycle. Furthermore, as BPD LH acts as the PFB financial intermediary, the overall PFB environmental and social legislation frameworks, governance, and supplementary instruments shall be defined under the PFB Environmental and Social Management System (ESMS).

Under the above-mentioned circumstances, the assignment is to seek a pool of experts and/or consulting firm to support the Fiscal Policy Agency of the Ministry of Finance in formulating an Environmental and Social Management System (ESMS) for the PFB as well as to provide support for environmental and social risk management of the PFB funded project. The consultant team will facilitate required engagement and consultations with MOF's internal departments and external agen

including line ministries and sub-national governments, and non-government stakeholders, including NGOs and CSOs.

The scope of services is:

- a. Assessment of Legal Framework(s) and Capacities.
- b. Institutional Capacity and Performance Review of Fund Channelling Entities
- c. Development of Environmental and Social Management System (ESMS) Procedures
- d. Technical Support for Environmental and Social Management

The shortlisting criteria are:

1. Experience in preparing ESMS manual and its supporting instruments, particularly for risk disaster management activities, and infrastructure projects;
2. Experienced in preparing and implementing any instruments of environmental and social assessment and management (i.e., AMDAL, ESHIA, ESIA, IEE, UKL-UPL, SKKL, BIA, ESMP, BMP, etc.), as well as environmental management systems following ISO14000
3. Having experience liaising with Indonesian ministries/agencies and the World Bank in delivering projects regarding environmental and social management.

The duration of the assignment is expected to be completion of implementation at the end of May 2024 - September 2025.

The Procurement Committee is now inviting eligible environmental and social consulting companies (hereinafter referred to as "Consultants") to express their interest in providing the services. They are required to submit an Expression of Interest (EOI) demonstrating that they possess the necessary qualifications and relevant experience for carrying out the above-mentioned services. This includes presenting the consultant/firm profile, the legality of the consultant/firm, as well as a description of similar assignments completed within the last 10 years. These descriptions should include the assignment title, location/country of assignment, name of employer/client, type of services provided, period of contract (start and completion dates), and contract value.

The Consultants is drawn to the selection procedure for consultants of the Procurement Regulation for IPF Borrowers World Bank's Guidelines:

1. Borrowers Fifth Edition September 2023 ("Consultant Guidelines"), setting forth the World Bank's policy on conflict of interest.
2. Consultants may associate with other firms in the form of a joint venture or a sub-consultancy to enhance their qualifications.

A Consultant will be selected in accordance with the Quality and Cost-Based Selection (QCBS) method set out in the Consultant Guidelines.

Interested consultants/firms may obtain further information at the address below during office hours (17.00 WIB). Expressions of interest must be delivered to the address below by **20 Mei 2024**.
